

HOUSE CALLS FOR FACTS IN CASE

Pennsylvania and Other Railroads Said to Be Violating Interstate Commerce Law.

DALZELL CAUGHT NAPPING

MOTION TO RECONSIDER PUT AND LOST.

Washington, Jan. 29.—What is considered a strike at the railroads was taken by the house today in the adoption of a resolution calling on the president to furnish information as to the existence of an alleged agreement, in violation of the interstate commerce law, between the Pennsylvania, Baltimore & Ohio, Norfolk & Western, Chesapeake & Ohio, Northern Central and Philadelphia, Baltimore & Washington railroad companies. Opposition to the resolution did not develop until after it had been declared adopted by the speaker. At this point Mr. Dalzell of Pennsylvania moved against it with a motion to reconsider. This motion was laid on the table, with the aid of thirty-seven Republican votes united with the Democrats, which makes it impossible to reconsider the resolution without a two-thirds vote of the house.

The house gave its unanimous consent to begin tomorrow the consideration of the Hepburn railroad rate bill and continue with the same until the bill shall be disposed of.

SENATE PROCEEDINGS.

Chinese Boycott and Forest Reserves Discussed.

Washington, Jan. 29.—The Chinese boycott and the forest reserves divided the attention of the senate today. The Chinese question came up in connection with a resolution by Mr. Tillman directing an investigation by the committee on immigration. Mr. Tillman modified the resolution by omitting the major portion of the preamble and after considerable discussion the resolution was referred to the committee on contingent expenses.

IDAHO FALLS LOCAL NEWS.

Commercial Club Going After All Kinds of Things for the Progressive Little City.

(Special to The Herald.) Idaho Falls, Ida., Jan. 29.—The delegates to the "See America First" convention came home last night. They report an excellent time and predict great results in the future for the association.

The commercial club is preparing to wage a progressive campaign in the interest of this locality. Committees have been appointed, club rooms are being arranged, and, in fact, everything necessary to maintain the interest of this portion of Idaho are being pushed energetically.

The Idaho Falls military company has awarded the contract for its building. The stone foundation will soon be placed, and inside of sixty days an up-to-date armory building will be erected.

The breaking of the city canal, which furnishes power for the electric light plant, has caused considerable speculation as to the future source of power for the city. Every cold spell of any duration at all leaves the city without lights. A proposition has been made to the city by the corporation owning the site near the city to install an electric plant and sell to the municipality for a sum upwards of \$50,000. It is said that the power plant now in course of erection in the lower end of town has also a scheme to promulgate.

What course that will be taken is mere conjecture. In fact, the city is the possessor of an electric plant site on the Snake river, and may decide to personally install its own plant. A speedy solution is looked for.

Applications are being filed with the sanitary inspector to connect with the sewer. The regular forms, showing connections, etc., are being filled out almost daily, so it is only a question of a few weeks before complete connections will be made.

The rabbit drives which have taken place the past month have resulted in killing off thousands of the animals. The farmers on the western side of the river arranged a drive every week during the month of January.

The local gun club is endeavoring to arrange a shoot with the Pocatello Gun club on Washington's Birthday. The two clubs met on New Year's at Pocatello, and the coming event is simply an exchange of shooters' hospitality. Genuine fellowship in these events is always noticeable.

The uniforms for the Masonic commandery have arrived and the members are preparing to indulge in the rigor of military drill. The local commandery starts out splendidly equipped.

The Rathbone Sisters, auxiliary to the Knights of Pythias, will be installed here the coming Thursday night by one of the grand officers from Boise. A lodge of forty-five members will compose the class. A reception and banquet will be held.

BURGARS MAKE BIG HAUL

Trunks of a Jewelry Salesman Broken Open in Baggage Room at Manitou, Colo.

Colorado Springs, Colo., Jan. 29.—Thieves who broke into the Colorado Midland baggage room at Manitou have ransacked and taken away the most valuable contents of two jewelry sample trunks belonging to the Rydner jewelry company of St. Louis. The trunks had been checked to James Nettie, a traveling salesman in the employ of the company, who is now at Manitou. The value of the stolen goods is being carefully guarded by the police of Manitou and the city, but is said to be as high as \$20,000. The only possible view of the identity of the robbers is a handkerchief, in which a number of watch chains had been wrapped, and which apparently was dropped as the robbers made their escape with their plunder.

The robbery is believed to have occurred during Saturday night. It was discovered yesterday and knowledge of the fact became public today.

ATTEMPT TO ASSASSINATE MINISTER OF JUSTICE

Copenhagen, Jan. 29.—An attempt to shoot Albert Thomsen, minister of justice, was frustrated by the bravery of the minister, who grappled with his assailant, and wrested the revolver from him before it could be discharged. The minister's assailant, who was promptly arrested, was a former insurance agent named Boyer, who had been sentenced to a term of imprisonment for burglary in spite of his protests that he was innocent. Boyer called at the ministry today and drew a revolver immediately after he had been admitted to the presence of the minister. Friends of the prisoner say he had mentally unbalanced himself by his alleged wrongful imprisonment.

MISSING MAN PROBABLE VICTIM OF MURDERERS

San Francisco, Jan. 29.—Over seven years ago John Stinson, an aged and wealthy miner of this city, mysteriously disappeared. No word ever came of his passing away, but it was supposed he had died, and after a residence of some time has relatives obtained from the court a judicial declaration of death. It is now alleged, however, that an investigation has almost conclusively shown that Stinson was found dead in Stowe lake in September, 1888, with blood stains on his face that seemed to be evidence of murder. The body was held for several days at the morgue but finally given a pauper's burial, no one having been able to identify it.

JOHN D. IS DODGING PROCESS SERVERS

Cleveland, O., Jan. 29.—John D. Rockefeller has not been here since September. Inquirers are unable to learn his whereabouts. George Rudd, Mr. Rockefeller's brother-in-law, received a letter from Rockefeller recently. Mr. Rudd says he does not believe Mr. Rockefeller is in Europe. Apparently Mr. Rudd does not desire to say where Mr. Rockefeller now is.

WASHINGTON HOTEL MAN KILLS HIMSELF

Washington, Jan. 29.—Fritz Reuter, a well-known hotel and restaurant keeper at John Marshall place and Pennsylvania, committed suicide today by shooting. Reuter had been suffering from melancholia for some time, and on several occasions of late had threatened to end his life. He was 46 years of age. He leaves a family.

TECHNICALITIES WILL NOT PROTECT BEAVERS

Washington, Jan. 29.—Justice Gould, in the criminal court today, overruled the pleas in abatement of State Senator George E. Green of New York and W. D. Doremus to the indictments charging them with conspiring in connection with George W. Beavers to defraud the government in the furnishing of public supplies. Beavers' demurrer to his statement was also overruled.

COMPANIES FILE ARTICLES

Three New Corporations Make Their Preparations to Begin Business in State of Utah.

The Florsheim Shoe company of Salt Lake filed its articles in the office of the county clerk yesterday. The company has a capital stock of \$50,000 in 500 shares and will engage in the manufacture and sale of shoes in Salt Lake. Milton S. Florsheim is president; C. H. Woodruff, vice president; William L. Shiverick, secretary and treasurer. Louis Florsheim and Felix Florsheim complete the board of trustees. The company's general business office will be in Chicago.

Articles of incorporation of the White Rock Irrigation company of Vernal were filed. The company has a capital stock of \$15,000, divided into shares of a par value of \$20 each, and will conduct a general irrigation business. John C. Bates is president; John L. McConkie, vice president, and H. W. Woolley, treasurer.

The Milford Mercantile company of Milford incorporated for \$100,000 in 1000 shares. A. B. Cline is president; Edward Bardsley, vice president, and Ella Hutchins, secretary.

WILL ASSESS PROPERTY.

Appointees Are Confirmed by the County Board.

County Assessor C. M. Brown's appointment of the following to serve as field men to make assessments outside the city was confirmed at the meeting of the board of county commissioners yesterday: James Cowan, Joseph A. Wright, Jr.; N. D. Jensen, Joseph Oughton, J. C. Poulton, G. P. Nilsson, P. S. Witcher, A. C. Reed, W. H. Haigh, J. C. Bartoch, S. W. Brecken, George Lee, David E. Jones, Emil Hartvicksen, C. M. Hendrickson, H. E. Phelps, Charles Peterson, Charles M. Nelson, and Nelson.

FOR POWER AT LOGAN.

O. C. Bluemel Applies for Water Appropriation From River.

O. C. Bluemel of Logan made application yesterday at the office of the state engineer for the appropriation of sixty-five second-feet of water from the Logan river for power purposes. The diverting channel is to be 361 feet in length and was constructed by C. Graff & Son, who have forfeited their right of way by not complying with the decrees of the courts. One Lefell wheel forty-four inches in diameter is to be installed. The capacity of the plant is to be 150 horsepower, and the electricity to be generated will be used for the propelling of machinery and for electric lighting about Logan.

LIVESTOCK MEN MEET IN DENVER

General Expectation That the Two Big Associations Will Again Be Reunited.

BIG QUESTIONS COMING UP

CHIEF PINCHOT ON HAND WITH ADVICE.

Denver, Jan. 29.—Hundreds of stockmen have come to this city to attend the Western Livestock show and the meetings to be held here this week. The livestock show, which is to be made an annual event, opened this afternoon with 236 entries, over 100 carloads of fine stock being exhibited. Tomorrow the National Livestock association and the American Stock Growers' association, organized a year ago by seceders from the National association, will assemble in joint session, and it is expected that the two associations will be reunited at this convention. Many important questions are to be raised by the stockmen this week, including railroad rate legislation, reciprocity and the use of public lands for grazing.

Epoch in Stock Growing.

"This convention," said President Murdo MacKenzie of the American Stock Growers' association, "will mark the beginning of a great epoch in the history of the American stock growers. With the cattlemen of the country allied in one strong organization, working entirely to the benefit of the producer, the public grazing tax will be abolished to the betterment of the present prevailing conditions."

Pinchot on Hand.

Gifford Pinchot, chief of the government forestry bureau, is here to confer with stockmen concerning the regulations for grazing on public land. President E. M. Ammons of the Colorado Cattle and Horse Growers' association, in his address at the convention of that organization today, said:

"The burning question of the hour, so far as this organization is concerned, is the public grazing tax evil. It seems to be the unanimous sentiment in Colorado that the government officials have not treated us fairly in the matter of public range."

BURTON CASE ADVANCED.

Washington, Jan. 29.—The supreme court of the United States today granted the motion to advance the case of Senator Burton of Kansas and set the hearing for April 2 next.

EASY

It's Nice to Feel Easy.

Speaking of food a Kansas City woman says: "I had always eaten any kind of food I fancied, and suffered no ill effects from it a few years ago, when I began to have trouble with gas in the stomach, to which was added, three years ago, a condition commonly called 'heart-burn,' but which, of course, is in reality nothing but a bad condition of the stomach, due to the use of improper food."

"The trouble became chronic and affected me seriously in various ways. It depressed my spirits and filled my mind with gloomy forebodings, constantly. My mental powers seemed to grow dull and sluggish and my memory became so poor that I had difficulty in recalling even the recurrences of the previous day. The doctor diagnosed my trouble as 'nervous indigestion' and gave me medicine."

"One day I met a friend looking so blooming and wholesome and I asked her 'what will make me look like you?' When she answered that she owed it to Grape-Nuts food I laughed at her. For two long years I kept on eating everything that tempted my appetite and taking medicine between meals, till I became thoroughly disgusted with drugs—they gave me no lasting relief."

"Three months ago I heard from another friend that she had been cured of a stomach trouble by the use of Grape-Nuts food. I was desperate enough for anything by this time, and determined to stop the drugs and give the new food a trial. I relished it from the beginning and have learned to like it so well that I can hardly eat without it."

"The result has been marvelous. My digestion has been restored, my stomach trouble, the 'heart-burn,' gloomy forebodings and melancholia, have all disappeared, my brain is clear and active and I can do as much housework in half a day as I could before in a whole day, and with little or no fatigue. It is such a relief to have steady quiet nerves once more. I feel like a new woman, living on a new plane with new and most agreeable people."

"We have Grape-Nuts every meal at our house and my little 4-year-old general calls for more between-times. Name given by Postum Co., Battle Creek, Mich."

There's a reason.

PILES CURED QUICKLY AT HOME

Why Suffer Any Longer When You Can Get a Quick, Sure Cure for Your Piles by Simply Sending Your Name and Address?

Trial Package Is Sent Absolutely Free in Plain Wrapper to Everyone Who Writes.

Burgons themselves consider a permanent cure of piles by a surgical operation as very doubtful, and resort to it only when the patient has become desperate from long continued pain and agony. But the operation itself is every bit as excruciating and nerve-racking as the disease. Besides, it is humiliating and expensive, and for little success.

The wonderful Pyramid Pile Cure makes an operation unnecessary. You cure yourself with perfect ease, in your own home, and for little expense. Pyramid Pile Cure gives you instant relief. It immediately heals all sores and ulcers, reduces congestion and inflammation, and takes away all pain, itching and irritation. Just a little of the treatment is usually sufficient to give a permanent cure.

Pyramid Pile Cure is prepared in the form of suppositories so they can be applied directly to the parts without inconvenience, or interrupting your work in any way.

We are sending a trial treatment free of charge, to every one who sends name and address. We do this to prove what we say about this wonderful remedy is true. After you have tried the sample treatment, and you are satisfied, you can get a regular-sized treatment of Pyramid Pile Cure at your druggist's for 50 cents. If he hasn't it, send us the money and we will send you the treatment at once, by mail, in plain sealed package. Send your name and address at once for a trial of this marvelous quick, sure cure.
